

## Text Messaging Assignment

- Choose one scene from *Macbeth* that involves only Macbeth and Lady Macbeth. YOUR SCENE:  
\_\_\_\_\_
- Read the scene and consider how this scene would unfold if it was a text message between the characters. What kind of language and shortcuts would be used? What kind of modern slang would be used? How would it be texted without losing the tone and meaning of the scene?
- Translate the entire scene into a text message. It must meet the following requirements.
  - o Each text must be a minimum of 100 characters
  - o Each character must have at least 5 texts
  - o You may use limited emojis
  - o Language should be appropriate for school
- Your message will be graded on the rubric below. It should show comprehension of the scene, of what happens between Macbeth and Lady Macbeth.
- You may use the attached sheet to complete this task or create your own document.

<b>3</b>	<b>2</b>	<b>1</b>
<input type="checkbox"/> Portrays all of the dialogue, action, and events of the scene <input type="checkbox"/> Provides 5+ texts for each character <input type="checkbox"/> Provides 100+ characters for each text <input type="checkbox"/> Utilizes purposeful and varied modern slang, language, emojis or other text-based communication to portray the intentions of the scene <input type="checkbox"/> Uses school appropriate language	<input type="checkbox"/> Portrays some of the dialogue, action, and events of the scene <input type="checkbox"/> Provides limited texts for each character <input type="checkbox"/> Provides less than 100 characters for each text <input type="checkbox"/> Utilizes somewhat relevant but limited modern slang, language, emojis or other text-based communication to portray the intentions of the scene <input type="checkbox"/> Uses school appropriate language	<input type="checkbox"/> Portrays little of the dialogue, action, and events of the scene <input type="checkbox"/> Provides few, if any, texts for each character <input type="checkbox"/> Provides significantly less than 100 characters for each text <input type="checkbox"/> Utilizes irrelevant or inappropriate modern slang, language, emojis or other text-based communication to portray the intentions of the scene <input type="checkbox"/> Uses inappropriate language
